

THE FARMERS' CONGRESS.

In the Farmers' Congress at Sedalia, Missouri, last week thirty States and Territories were represented by 275 delegates. All the Eastern States were represented by large delegations while several of the Pacific Coast States had no representation whatever. The Congress discussed many subjects of general interest and adopted a number of resolutions among which are the following:

Recommending State control of live-stock exchanges, so that no live-stock agent can be excluded; recommending the passage of a national law requiring the stamping of artificial hog products; demanding a Federal law prohibiting gambling in farm products; endorsing the principles of reciprocity, and the work accomplished by the World's Fair Directors.

A number of resolutions introduced and discussed in the Congress were rejected, among them the following: Demanding the free coinage of silver dollars containing as much silver as can be purchased for a dollar; Government ownership of railroads and telegraphs; Federal prohibition of the sale of intoxicating liquors, and the cession of arid lands to the several States in which they are situated.

The gold bugs are trying to make capital out of the defeat of the silver resolution by misrepresentation. The vote on the resolution did not imply that the Congress was opposed to free coinage, but that it did not favor increasing the weight of the silver dollar to conform to the market value of silver bullion, and in that they showed good sense. The dollar is large enough now and the people ask only that more of them be coined, not that their weight be increased or diminished at the will of the bulls and bears of the bullion market. A dollar of 412½ grains of standard silver will satisfy a large majority of the people.

The vote on the resolution to grant the arid land to the several States indicates that the farmers have no confidence in State Legislatures and they favor holding such lands for settlers who will, in the near future, utilize and develop them when water can be obtained by storage and rain making becomes practicable.

AMICABLE RELATIONS WITH CHILI.

Senor Montt, the Minister of the Chilean Government, was formally presented to President Harrison yesterday by Secretary Blaine. He said the object of the mission which the Government of Chili confided to him, is to cultivate and maintain relations of peace and friendship between the United States and Chili, which have ever been close and cordial. He expressed his country's sincere wishes for the prosperity and welfare of this noble country.

The President cordially welcomed Senor Montt, and said the presence of a representative of the Chilean Government at Washington, would, he hoped, tend to promote good understanding between the two Governments. He assured the Minister that the people of the United States entertained only good will for the people of Chili and cannot doubt that the present and all future differences between the two Governments will be honorably adjusted.

There is no longer a doubt that the Chileans are disposed to investigate the alleged outrages on American sailors at one of their ports, and bring the offenders to justice. The brag and bluster dispatches sent from Washington two weeks ago were for electioneering purposes only, as the Government never intended to go to war with Chili, which evinced a disposition from the beginning to follow the example of Secretary Blaine in the dispute with Italy about the New Orleans lynching affair.

The New York World says the most remarkable official career in the history of the United States was that of John Quincy Adams. It extended over forty-eight years and embraces fifteen years in the Diplomatic service as Minister to Russia, Prussia and the Netherlands, five years as Senator, eight years as Secretary of State, four years as President and sixteen years as a Representative in Congress.

The committee of the Knights of Labor appointed to examine the books of ex-Treasurer Turner find there is \$31,000 unaccounted for. Turner claims to have expended \$17,000 of which his books show nothing.

The Boston Globe in a leading article advocates the nomination of Governor William E. Russell for President and claims that if nominated he would carry the State with its fifteen electoral votes for the Democratic party.

The Democratic Anti-Lottery Committee has issued an appeal to the people of the United States for aid in its fight against the Louisiana Lottery Company at New Orleans.

BY TELEGRAPH!

News of Importance From Home and Abroad.

Boss Buckley in Canada for His Health.

MONTREAL, November 14.—Christopher Buckley, the well-known blind political leader of San Francisco, who is under indictment in that city, charged with having received money for obtaining and passing certain measures by the former Board of Supervisors, has established himself in this city, apparently for the Winter. Buckley was seen at his house to-day, and gave a denial to the report that he was going to Europe, saying he was perfectly satisfied where he was. When asked as to the cause of the excitement about his leaving the Pacific Coast, he said he had come away acting under his physician's orders. He already had tried different parts of Europe and now was recommended to try a dry, cold climate. If, when Winter sets in, he is not benefited he will go home. The Grand Jury, he said, was an illegal one, controlled by his political enemies, and when they went out of power in January he would have no further annoyance. There was no need to extradite him, he would go back in good time and, if necessary, he would tell all he knew of the transactions in which he had taken part. He added that when he began talking his enemies would not be so anxious to hear his story.

The Bulwer-Standard Suit Compromised.

SAN FRANCISCO, November 14.—The Post to-day says: "The protracted litigation between the Bulwer and Standard Mining Companies was settled to-day by arrangement between representatives of both corporations and all necessary documents will be signed on Monday. The law suit which has just been compromised and settled is one of a series which has been brought from time to time by both sides during the past two years. The trouble between the companies first arose over a question of boundary lines and in the meantime the market value of the stocks of both companies suffered. The Bulwer people will now be allowed to go ahead with the extraction of rich ore deposits which have for some time past been tied up by a legal question of ownership."

National Bank Failure.

CHEYENNE, November 14.—The liabilities of the Cheyenne National Bank are \$318,000, with assets twice that amount, and such men as John Sherman and John Jay Knox holding blocks of stock. The bank will liquidate in full. The only bad feature is that the calling in of loans by the examiner or receiver will cramp some local concerns.

WASHINGTON, November 14.—Lacey, the Comptroller of the currency, has instructed the Bank Examiner to take charge of the Cheyenne National Bank, Cheyenne, Wyoming, and the National Bank of San Diego, Cal., both of which failed during the week. Lacey says he does not know whether the report that Senator Sherman is a stockholder in the Cheyenne bank is true or not.

An Officer Held for Murder.

SALINAS, Cal., November 14.—The four sons of the woman who was shot and killed by Officer McCarthy, at Gabalan Mountain a week ago, were arraigned before Justice Harvey to-day, on a charge of assault with a deadly weapon, and were discharged. Officers McCarthy and Partridge were also examined on a charge of murder, resulting in the officer being held to answer before the Superior Court for manslaughter and Partridge was discharged. McCarthy was immediately released on bonds.

A Murderer Escapes.

WOODLAND, Cal., November 14.—Wm. Walfrom, the slayer of Mat Faigle, broke jail this morning by sawing the bolts that secured the rear door of the corridor of the jail. Walfrom was sentenced to 17 years at Folsom, but had been granted a new trial. The officers have been searching for him all day and a liberal reward has been offered but no clue has been found. One other short term escaped but was overtaken at Yolo five miles from this city.

Another Elevator Victim.

SAN FRANCISCO, November 14.—Late this afternoon Herman Weise, drug clerk with Gates & Co., who was delivering goods in the Chronicle building, fell down the elevator shaft from the tenth story. It is not known how he came to fall. When picked up he was dead, his neck being broken and the right arm torn from his shoulder. The body presented a fearful appearance.

Armor Plate Test.

WASHINGTON, November 14.—The second of armor plate tests was made at Indian Head to-day in the presence of Secretary Tracy, members of the Ordnance Board, Army and Navy experts and military and naval attaches of foreign legations. The tests were most satisfactory and demonstrated, in the opinion of the naval officers, that this country can produce as good, if not better, armor for naval ships than can be produced abroad.

A Valuable Horse.

FRANKLIN, Pa., November 14.—To-day Miller and Silbey, proprietors of the Prospect Hill Stock Farm, sold to Charles and Franklin Ridgeley, of Springfield, Ill., their great Electioneer colt, Conductor, for \$35,000 cash and ten reserved services. As the horse will command a stud fee of \$500, the price paid is equivalent to \$40,000.

More Record Breakers.

STOCKTON, November 14.—A cold wind blew in the faces of the horses coming down the last quarter of the Stockton track to-day, at times reaching the strength of a gale, so Marvin decided not to start the Palo Alto trotters, Palo Alto and Bell Bird. When the wind died away some several good horses were sent against their records and made good time. Durfee's McKenney worked out in 2:10, but it was not a start for a record, the time not being official. Athadone, a yearling colt by Matadon, by Onward, the dam Athlee, by Hawkway, by Strathmore, owned by G. W. Warlow of Fresno, was driven by Matt Dwyer to beat his record of 2:33 made here last Tuesday. The game youngster trotted a square race with one short break, coming in strong under the whip in 2:29½, beating all yearling records except that of 2:26½ made here by the Palo Alto filly Bell Bird. Corbett's colt Freedom had the record of 2:29½ before Bell Bird lowered it. The Sidney yearling filly Frou Frou, owned by the Valensin Stock Farm, made a record of 2:30½ here and after a Thadon's performance was brought out by Millard Sanders to go again, but she did not do better than 2:33. Cyrus R, by Nutwood, was driven against time and made a record of 2:17½.

May Renew the Ghost Dance.

WASHINGTON, November 14.—Acting Indian Agent Bell has received advice from Special Agent McKean at Pierre, S. D., regarding the published report regarding Bear Eagle's band abandoning camp and going to Pine Ridge. He says he understands the bucks are all armed. What this outbreak means he could not learn. The regular agent thought it was because he demanded that their children go to school. McKean doubts if the Indian police will bring them back without trouble. There are some rumors on the Cheyenne river that the Pine Ridge Indians are preparing to renew the ghost dance, but nothing reliable as to that could be learned.

A Fatal Quarrel.

HALSBROOK, A. T., November 14.—A shooting affray occurred at the rock quarry near here to-day, between William Clark, engineer, and Thomas Lovin, brakeman. Lovin was killed and Clark dangerously wounded. The quarrel was about an old trouble and Lovin fired a shot at Clark which missed. He then knocked Clark down, the latter fell unconscious, and thinking he had killed him, Lovin gave up his gun. Clark recovered consciousness and securing a shot gun pursued Lovin, firing two shots, one of which took effect, causing death. Clark then lost consciousness and may die.

A Suspicious House Raided.

MARSHVILLE, Cal., November 15.—Last night officers Thomas Nelson and Thayer raided a suspicious house and found four large opium ovens with over a thousand five tael cans ready for packing opium when cooked. When the officers reached the room the occupants had escaped. The building was arranged to delay entrance as long as possible. The ovens and other apparatus showed recent use. From labels and packages about, at least \$20,000 worth of opium must have passed through the place recently. No arrests have been made.

Cruisers Ordered to Chili.

BOSTON, November 14.—The U. S. S. Newark has been held from sailing until Monday in order to complete certain repairs. The report is that the Newark is to go to New York to take in her navigation stores and wait orders there. She will get away at 10 A. M. There is a report about the yard that nine cruisers, the Newark among the number, are ordered to Chili.

Another Stage Robbery.

SACRAMENTO, November 14.—The stage which runs between this city and Plymouth, Amador county, was held up last Thursday by highwaymen. The driver was ordered to throw out the mail bags and the request was complied with, but they contained nothing. The highwaymen robbed the driver of all his cash except a dollar.

THE UNITED STATES AND CHILI.

Pedro Montt, Chilean Minister at Washington.

Two things are evident in the matter of negotiations between the United States and the Chilean Governments, and even the great flood of gossip by irresponsible newspaper writers does not overwhelm and hide them. The first one is that the Government at Washington, while not departing from its original demands regarding the outrage at Valparaiso, is reasonably fair in

conceding proper time for the investigation being made by the Junta in Chili, and the second, that the Chilean Government is awake to the importance, from the standpoint of Chilean interests, of conciliating the Government at Washington, with due regard to equity and its own self-respect and dignity. Senor Pedro Montt, Chilean Minister to the United States, of whom we give a likeness, has made an excellent impression by his prudence and moderation.

There are two grand juries in session in California at the present time, which are attracting unusual attention. One in San Francisco, is unearthing rascality and indicting bosses, such as Buckley, and hoodlums such as Brauner. The other is at Sacramento, shielding scoundrels and indicting members of the late Legislature, who are suspected of exposing the acts of the hoodlums.

The Sacramento Bee says Constable Upson of Reno, arrived in that city to take back Charles White, colored, and George Sommerfeld, who are charged with the burglary of the Golden Eagle Hotel here. White had on some of the stolen clothing. Both prisoners were willing to return to Nevada without a requisition.

BUSINESS, LOCAL AND NEWS ITEMS

For fine boots and shoes go to H. F. Pavola.

Fine eastern hams and Bacon at W. S. Bailey's.

Go to the Monarch for all drinks of the season.

Iron and sulphur vapor baths at Steamboat Springs.

Hot lunch at Kerth's every day. Treats cents with beer.

Go to the Palace Bakery for fresh whole-some bread, cakes, pies and candies.

A new and choice selection of wall paper just received at McCullough's drug store.

Coffin & Larcombe have just received a lot of pure maple sugar direct from Vermont.

H. F. Pavola has just received a fine stock of boots and shoes. Call and examine them.

Fine imported cigars and tobacco, also gloves, cutlery, notions, etc. at A. Nelson's.

A varied assortment of Heath & Mulligan's mixed paints can now be obtained at McCullough's.

An Indian tomahawk was recently cut from the center of a saw log thirty-two inches in diameter in Wisconsin.

A Nelson is sole agent for the Detroit Free Press cigar, the best 5-cent cigar in the market. Try it.

Fine lunch every day at H. J. Thyes' from 11 to 2 p. m. Baked beans, Tuesdays, Thursdays and Saturdays.

Beef, mutton, pork, veal and sausages of the very best quality at Ruhs & Mid-dor's on Commercial Row.

Don't forget that F. Levy & Bro. are selling their immense stock of dry goods, etc., at lower prices than ever.

Governor McKinney, of Virginia, announces that he will not remove the political disabilities of any man who has been convicted of theft.

Jack Godfrey serves a first-class meal and fresh oysters in every style at the Palace Restaurant. Meals at all hours.

If you want a No. 1 White or Domestic or any good second-hand sewing machine call at McCullough's drug store.

Dr. T. Wah Hing, English and Chinese physician and surgeon. Office opposite First National Bank, Reno, Nev.

John Sunderland has a fine stock of French and English goods and is turning out some finely finished suits to order. His tailors are first class workmen.

Button-hole electric lamps, it is said, are being tried as a part of the outfit of conductors on London omnibuses, the current being furnished by a pocket battery. The circuit is closed and light produced only when necessary to examine tickets.

J. G. Kerth manufactures all kinds of soda water also sarsaparilla and iron, orange cider and the very best of beer. Send in your orders. Families supplied on short notice.

For your note, letter, legal and foolscap paper, patronize C. J. Brookins, who also carries writing tablets of all styles and sizes.

Those who contemplate removing their houses should not forget the immense stock of wall paper at the store of the Reno Mill and Lumber Co., on Second street, next door to the Postoffice.

The Palace Hotel, which is well and favorably known to every old Nevada, is being conducted as usual by that veteran landlord, Al White, who spares neither pains nor purse to provide for the comfort and convenience of guests.

We wish to inform the public that we keep the lowest priced house in town, where all kinds of refreshments, meals, lunches, fine liquors, native and foreign wines, draught beer 5 cent cigars and well ventilated lodgings with good beds can be obtained. Our continued good business is in itself a recommendation, and we wish to increase it. Let all those come who never came before, and those who have, now come the worse. Stroh & Block, Commercial Row.

MARRIED.

CHRISTIAN-LITSTER-In August, November 8, 1891, W. W. Christian, of Cortez, and Miss Mary F. Litster, of Sumner Creek.

O'HARA-GAY-In Austin, November 10, 1891, W. T. O'Hara, of Winnemucca, and Miss Nina Gay, of Colconda.

BREVITIES.

W. E. Lemmons, of Long Valley, is in town.

Don't forget the masque ball on Thanksgiving night.

Nicholas Hollings of Floriston visited Reno yesterday.

Frank H. Norcross came down from Verdi Friday evening.

J. L. Wines and Geo. W. Baker returned from Carson last night.

Steve May and Mr. Lapoint, of Verdi, were in town yesterday.

Evan Williams of Carson was a passenger for San Francisco last night.

The officers are doing good work in ridding the town of rough characters.

C. H. Belknap of Virginia City was a passenger for California last night.

Some pure bred Leghorn chickens are offered for sale. See 50-cent column.

Judge Messick came down from Carson last night and continued on to the Bay.

Twelve carloads of fat beaves were shipped from Reno to San Francisco yesterday.

T. K. Stewart left yesterday for Battle Mountain, to make surveys on the Humboldt.

J. Barkley, Superintendent of the Nevada Mill, was a passenger for the Bay last night.

The public schools of Sacramento have been closed on account of the prevalence of scarlet fever.

Colonel Maxon has returned from Wadsworth where he has been engaged surveying for settlers.

D. B. Lyman, the Comstock Mining Superintendent, was a passenger for San Francisco last night.

Thomas A. Wheeler, Press Agent for Goodyear, Elitch & Schilling's Minstrels arrived in Reno last night.

Mrs. James T. Davis and daughter of Mound House, returned from a four months' visit to California.

John W. Mackay, the bonanza king, came down from Virginia last night and proceeded to San Francisco.

R. D. Hoag is building a handsome residence on Third street, opposite the Reno Lumber Company's yard.

Truckee has an organized fire department. The company is called Truckee Hose, No. 1, and Hon. Dan McPhetres is foreman.

Capt. Ferd Reid, Internal Revenue Collector, arrived last night from Winnemucca and will leave this morning for Virginia City.

R. P. Hamill has a large assortment of fur overcoats, at the Riverside. They are warranted to keep a person comfortable in the coldest weather.

R. P. Hamill of Wells is in town. He says cattle shipping is pretty lively in Elko county, and stockmen find a good many fat steers on the ranges.

London Truth says nothing on earth will upset a horse's stomach. This is not because the horse does not feel pain, but simply because the horse has no gall bladder.

The State Agricultural Society received yesterday through the First National Bank the sum of \$2,500 from the State and will now pay all premiums awarded exhibitors at the State Fair.

"Doty" is used in England as a synonym for crazy, while "bosky" signifies tipsy. "You must be bosky or doty" is therefore the modern English, or at any rate Londonese, for "You must be drunk or crazy."

In the United States District Court at Carson yesterday the jury in the case of Hamilton vs. the Southern Pacific Company found a verdict for plaintiffs in the sum of \$44,750. It is understood that the case will be appealed to a higher court to test the "scalped" ticket question.

A tobacco dealer in New Haven, whose trade in the main is with the Yale boys, says that the sale of cigarettes is falling off. Three years ago he sold 360,000 packages of one brand; last year he sold 200,000 packages of all brands. He now sells fifty pipes, where he formerly sold one.

To get rid of freckles wash the face with a solution of two drams of salomoniac and an ounce of German cologne, mixed with a pint of distilled water. Applied two or three times a day it will cure the worst case of acquired freckles. Another remedy is to bathe the face with fresh buttermilk before retiring at night.

It was a cruel joke the boys perpetrated on one of the professional gentleman last night, when they enticed him out in the cold on a "sniping" expedition. He held the sack for over an hour, and when he discovered that he had been victimized, if he had had a gun, some of the jokers might have suffered.

A young man from Sacramento, who claims to be a member of the "Doe" family, stole a pair of pantaloons at John Sunderland's store and sold them for a dollar. Officer Campbell arrested him and as he could give no satisfactory explanation for his thieving propensities, Justice Linn sent him to the county jail for thirty days.

"THE WET SCHEME" MEETING.

A Committee Appointed to Investigate and Report.

Yesterday afternoon about forty of the fifty-eight gentlemen who were notified to appear to discuss the so-called "wet scheme" subject, met at the court house. J. P. Foulks was elected Chairman and A. C. Bragg Secretary. The Chairman stated the object of the meeting as he understood it and asked if there was anyone present who could explain the matter fully. There were calls for James Mayberry, R. L. Fulton and D. C. Wheeler, but none of the gentlemen responded. No one present seemed to understand the object of the agreement or obligation to pay \$4,000, which had been signed by the fifty-eight gentlemen who were requested to attend the meeting. All seemed to be ignorant of the use made of the \$4,000 or the purposes for which it was expended and, in fact, many of the signers did not know that they had signed the obligation, as the circumstance had escaped their memory, it having occurred over two years ago. It seemed to be the sense of the majority that the money was due the Bank of Nevada, and that they were obliged to pay it. It is claimed that the money was expended for the purchase of 320 acres of land, which is suitable for a reservoir, near the Little Truckee river and that a deed, which is now in possession of the Bank of Nevada, was made for that land.

Mr. Bragg read a letter from Mr. Newlands, which, in substance, stated that Mr. Newlands, who had expended \$70,000 in the purchase of lands at Donner Lake, would carry the note at 4 per cent, interest if there was a probability of forming an irrigation district on the Truckee and taking the property and the note off his hands. Mr. Martin and Mr. Powning did not favor this proposition and signified their willingness to redeem their part of the obligation.

The Committee, which consists of Judge Webster, W. H. Gould and Wm. Thompson, was instructed to ascertain the location of the 320 acres of land, its probable value, and report at a meeting to be held at the court house, Saturday, November 28th, to which time the meeting adjourned.

MINING AND SMELTING ANTIMONY.

A Furnace in Successful Operation in Humboldt County.

Extensive operations are being carried on in Black Knob Mining District, fifteen miles east of Lovelocks in Humboldt county. There are two well defined antimony leads in the district. These are owned by Eastern men and are under the management of Dr. H. H. Hatchens, who is a practical chemist and assayer. There are ten claims of 1,500 feet each on the leads. Two or three of these claims are developed by tunnels and shafts to a considerable extent. There is a shaft 300 feet on one of the claims and drifts have been run on the lead from the shaft, 100 feet on the first level, 200 feet on the second and 300 on lowest. The ore vein ranges in thickness from 6 inches to 4 feet. The ore averages 33 per cent. metal, some of it running as high as 75 per cent, which is pure antimony ore, wholly free from gangue, and melts readily in the flames of a candle. It is estimated that there are 4,000 tons of ore in sight in the mines, and 400 tons on the dump.

Dr. Hatchens has built a double reverberatory furnace of his own design at the mines. It has a daily capacity of ten tons. It reduces the ore and refines the metal at one operation, the loss by volatilization not exceeding one per cent, and that loss occurs in drawing the metal from the furnace into the molds. The chambers are air tight and the furnace is lined with soapstone or talc to prevent absorption and its destruction by acids and alkalis. The crucibles are made of talc and asbestos and are indestructible by fire.

Antimony, like quicksilver, volatilizes readily, and great care has to be taken to prevent loss from that source. There are only one or two smelting works in the United States for the reduction of antimony ores, and these are built on different principles from that at Black Knob. As soon as the arrangements now being made are completed the furnace will be run steadily coal being used as fuel, and carloads of star antimony will be shipped weekly from Lovelocks to the East, where it is in good demand, for making type, rabbit metal, and for numerous other purposes.

THE WOMAN'S GUILD

Matters of Interest to the Ladies.

Those who wish to lay in a supply of useful, dainty Christmas presents should avail themselves of the opportunity which will be given them by the Woman's Guild of Trinity Church, who propose giving unique entertainments on the nights of Wednesday and Thursday next, in the Pavilion.

All ladies having fancy work to contribute to that department of the Bazaar will please send the same to Mrs. Pinniger's residence on Second street. As the ladies wish to charge very reasonable prices for articles to be sold, they would like an estimate of cost attached to each contribution.

Fur Overcoats.

I will be at the Riverside Hotel a few days, with samples of Fur Overcoats, Hudson Bay make. Raccoon, Mink, Hair Seal, Esquimo, Norway, Siberian Dogs. Measures taken and fit guaranteed.

2nov14

R. P. HAMILL.

Members of the Why Club are requested to meet again at the office of Charles A. Jones, Sunday, November 15th, at 2 p. m. "As the woodbine twineeth so bends the spout."

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

DEAD ON THE HIGHWAY.

A Faithful Dog Guarding the Lifeless Body of His Master.

"Last Tuesday evening, soon after dusk," says the Times-Review, "as Sam Miller was coming towards town from across the valley, on the De Fries road, when near the crossing of the Owyhee his attention was attracted, by the barking of a dog, to an object in the roadway just ahead of him. Alighting from his wagon he discovered the dead body of a man guarded by his faithful dog. Upon examination the body proved to be that of E. S. Warcup, who was engaged in hauling wood to town and who left on his return trip quite late Tuesday afternoon. Mr. Miller returned to Dove's ranch and procured the assistance of Frank Lemmons, whom he dispatched to town with a notification to Justice Regan, who had the remains brought in. An examination of the ground showed that deceased must have fallen asleep, and as the wagon passed over a small culvert was thrown from his seat, undoubtedly breaking his neck and killing him instantly. At the spot where he fell his hat and whip were found on opposite sides of the track, and appearances indicate that he retained his grasp upon the lines and was dragged about fifty yards when they broke and released him. His team was found about 100 yards further on, having wandered from the road. Deceased was about 56 years of age, and served during the war in an Indiana regiment, holding a commission as Lieutenant. We believe he has friends whose address is Perry's Postoffice, Allen county, Illinois."

Church Notices.

Congregational Church.—Subject of discourse at 11 A. M. to-day: "The Four Things on the Earth Which are Little, yet Exceeding Wise." Evening: "The Soul's Anchor." T. MAGILL, Pastor.

Services at the Baptist Church, at 11 A. M. and 7 P. M. Sunday School at 12:15. In the evening the pastor preaches on "An Unanswerable Question." Everybody invited.

Next sabbath will be a great day at the Methodist Church. The morning service will commence at 10:30 instead of the usual time, 11 o'clock. In the evening the greatest theme in the bible will be presented. Everybody invited to both services.

America's Favorite Musical Artist.

Charles E. Schilling, Manager of Goodyear, Elitch & Schilling's Minstrels, has been connected with the best minstrel and pantomime companies for years. He is considered the greatest producer of original ideas in minstrelsy in this country. He is the originator of instrumental comedy, and has honestly earned the title of premier musical artist of the world. He will appear here in McKiesick's Opera House, next Wednesday, the 18th instant with Goodyear Elitch & Schilling's Minstrels.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort or mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

Electro-Plating.

H. A. Waldo is constructing, in connection with his local telegraph battery, an electro-plating apparatus, and will soon be ready to do all kinds of gold, silver, nickel and composition plating. He is now prepared to plate or replate spoons, knives and forks, etc., and make them as good and nice as new. The plating is no wash, but is a heavy coating of melted metal applied to the article, which is durable and will not scale off. Those having table knives, forks and spoons which they wish replated will do well to give him a trial.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. It will relieve the poor little sufferer immediately. Depend upon it mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach, and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives Tone and Energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

Don't Forget

The social dance at Armory Hall every Saturday night. Music by Fredrick's orchestra. Admission 50 cents. Ladies free.

Free Water.

Parties in Reno having good wells or a place for one are throwing away money in paying water rates, when by a small investment plenty of pure water is at their command free of cost. One good well will supply water for several families, who by joining in the expense of erecting a windmill, tank, etc., can not only effect a saving in expenses, but be independent of a monopolizing water service. A visit to the Water Company's reservoir and ditch at times will convince the most skeptical that well water is the doctor's enemy, while surface water is the direct agent in bringing on cholera.

Constant pumping insures pure water from all good wells, hence the quality of well water cannot be judged properly from only occasional pumpings. Many unused wells would furnish plenty of pure, clear water if properly pumped.

Can you afford a pumping plant of your own? We will answer for you, Yes.

We are prepared to take contracts this Winter to erect any sized windmill plant required, with proper tank and service connection, furnishing them on a monthly installment plan, warranting all work and taking proper care of all mills so erected. Plans and specifications free upon application. anti freezing pumps and protected pipes insure equally as good Winter service as in Summer. For further particulars call on

RENO MFG. CO.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

DON'T BE CARELESS ABOUT YOUR COMPLEXION

It is woman's chiefest physical charm. It is often her only capital. It is always worth a great deal to her, in business, love or social affairs. No matter how browned, or rough or sallow your skin may be, or how much it is disfigured with freckles, moth patches, black heads or pimples,

Mrs. Graham's FACE BLEACH

Will remove every blemish and leave your skin as pure and clear and white as it was in baby days. Your complexion will then be as nature made it. Instructions go with each bottle how to keep it so. Price \$1.50. All druggists sell it. For sale in Reno by

WILLIAM PINNIGER, DRUGGIST.

WHITE'S GLOVE FITTING READY CUT WAIST LINING.

(COPYRIGHTED.)

These linings have been invented by Mr. George White, the Ladies' Tailor, of 16, New Burlington street, W. London, England, and 1112 F Street, N. W., Washington, D. C. REVELATION.

Perchance in some far after time,
When we to nobler stature grown,
Shall learn to make our lives sublime,
And cease their dead to raise alone—
The solemn use of grief shall die,
And Joy regain her ancient grace,
And 'neath a nearer, ampler sky,
With life's sad mysteries face to face—
With passionless Wisdom we shall talk,
And learn of Sorrow's darkest lore,
And in the light of Knowledge walk
Forever and forevermore!
The sure result of time is change.
And Change her endless gamut sings—
Things that today are now and strange
Tomorrow are forgotten things.
The slow mutations of the years,
The growth of peace, the lapse of strife,
May solve the problem of our tears.
The dark and speechless Sphinx of life
The grief that waits not on the lips.
The keen, slow pang of spiritual pain,
Some angel of the Apocalypse
Shall make its solemn meaning plain.
Well, let it pass! We live our lives,
We dream our dreams, then slip away
A later race springs up and thrives,
Nearer to Earth's immortal day!
Circle on circle everswims,
Our little waves of being swirl,
Gather and break against the door
Of Death's eternal citadel!
—New York Ledger

How Plasterers Do Without a Doctor
Every trade has its special physisic. This is true. In conversation a surgeon remarked that few things gave more pain, attended with so much danger, as some particles of lime dust in the eye. A gentleman standing by remarked "And yet such an accident is of daily occurrence, is attended with hardly any danger, and is most easily treated." "How so?" came a chorus of voices. "Well, I will tell you. I was brought up to the trade of a plasterer, a ceiling plasterer. You may not know that the final layer upon a good ceiling is almost pure lime. The plasterer stands upon a platform and lays on the paste. It falls upon him in every direction, and, especially if he is a new hand, often a splat falls right into his eye. When he gets accustomed to the work the eyelid seems to get used to it, too, and seems to close automatically in self defense. "Directly such an accident occurs a fellow workman takes a mouthful of water from the nearest pail—and there is always a pailful of water handy—opens the eye as wide as possible and squirts with all his force the contents of his mouth against the eyeball. This immediately cools the lime and also drives it out of the eye. Simple remedy, isn't it, and eminently practical? But you see a man's eye would be burned out long before he could reach the nearest doctor's."—New York Recorder

Nature Hoodooed Him.
In the odorous "office" of one of the east side "hotels," in the midst of an interested group of co-lodgers, a fellow was airing his grievances against nature recently. "Talk of red hair or freckles or cross eyes or bowlegs or crooked noses," he said, "they, one or all, may be inconvenient, they may be useless, but they are blessings, yes, sir, blessings compared to my Adam's apple." An "Adam's apple," sir, is nature's kick—her slap in the face—a camel's back on a small scale in a man's throat. Brains, sir, talent, genius—nothing will atone for it. It is a frost, and it never thaws. I might have been anything I desired but for my hunch throat, but who could be persuaded that a man with an Adam's apple attached to him for life could be anything but a freak?—New York World

Evidence of the Sun's Variability.
We cannot rest with the assumption that, since the sun is evidently no Mira and no Sirius, therefore it is practically an unchanging radiator which for an indefinite period will continue to cause the earth to bloom in the beneficent effulgence of its life inspiring rays. A sun may affect the welfare of its planets either through the gradual mutations which it undergoes in the course of its evolution, or through the more rapid and violent changes that characterize the stars that are ranked as variable. We have seen that most of these latter belong to the third and fourth classes but there is reason to suspect that the majority of all the stars are variable to a slight degree, and evidence of variability in the case of the sun is furnished by the phenomena of sun spots.—G. P. Serviss in Popular Science Monthly.

In the towns and cities of China all the shopping of any consequence is done in the evening. In Santiago the stores are open till midnight, and during the hot afternoon, when everybody takes a siesta, they are locked up.

Children Cry for Pitcher's Castoria.

IN THE DISTRICT COURT OF THE STATE
of Nevada, in and for the county of Washoe.
In the matter of the Estate of
CHARLES LUX, Deceased.
O. H. E. Hardin, Administrator, with the Will annexed, of the estate of Charles Lux, deceased, having presented to this Court and filed herein his petition for the final distribution of the estate of said deceased to Miranda W. Lux, Henry Miller and Jesse S. Potter the Executors of the last will and testament of said deceased, duly nominated by said will and appointed by the Superior Court of the county of San Mateo, State of California, and having in said petition prayed that a time and place be fixed for the hearing of said petition, it is now ordered that
Saturday, the 10th day of December, 1901
At 10 o'clock A. M., and the Court room of this Court, at Reno, Washoe county, State of Nevada, be, and the same are hereby fixed and appointed as the time and place for hearing said petition, and it is further ordered that notice of such hearing be given by the publication of this order for four successive weeks in the Nevada State Gazette, a newspaper published daily, Mondays and holidays excepted, in said county of Washoe, Dated November 13th, 1901.
A. E. OHENEY, Judge.

DISSOLUTION OF CO-PARTNERSHIP.
THE co-partnership heretofore existing between W. S. Bailey and William Jackson has been dissolved by mutual consent. All accounts due the late co-partnership are in the hands of William Parker for collection and settlement.

BACILLI IN BLOOD.

Recent experiments as read before the last Congress of Surgeons at Berlin, leave no doubt that the true way to **CLEAR THE SYSTEM OF MICROBI** is through the pores of the skin. It has been found that a remedy which kills the Microbi will also destroy the life of the patient; but it has also been found that the Microbi can be forced out through the skin, and it is in this way that **S.S.S.** relieves the system of poison.

HAVING SUFFERED much from Contagious Blood Poison, after using half a dozen bottles of **S.S.S.** I was restored to PERFECT HEALTH, and all eruptive sores disappeared. You are at liberty to make any use of my statement that you wish.—J. CROSBY BRON, 208 Third Avenue, Pittsburgh, Pa.

Treatise on Blood and Skin diseases mailed free.
